Tor Books, United States, 2014. Paperback. Book Condition: New. Reissue ed.. 208 x 138 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.In a tale that transgresses conventional lines between fiction and reality, renowned science fiction writer John Barnes finds himself in one of the wildest, most rollicking SF adventures in years. Barnes s college friend Travis Bismark always brings back plenty of great stories from his job as an industrial spy. This time, over a few beer- and coffee-fueled chat sessions, Travis unravels a tale about his current case too tall for even an SF author to believe: a Gaudeamus machine that bends physics in order to make possible both teleportation and time travel, and how it gets stolen twice; a prostitute who deals telepathy-inducing drugs; five scientists who ride around in a flying saucer in clown suits by day and play awful punk rock by night; hippie kidnapers; and dozens of inventors who master the concept of the Gaudeamus machine and are immediately contacted by aliens offering them their heart s desire in exchange for the right to have their way with Earth.
