Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.United Science Corporation (USC), a giant computer production company, embarked so ardently on a US 6 billion dollar project to construct a special robot that was to be equipped with the greatest power of thought, decision and execution, far beyond man s capability. The aim was to have the robot assist mankind in carrying out investigations that are hitherto too complex to mankind as well as carry out vital decisions on scientific and technological matters. Unfortunately, as soon as the robot started functioning he embarked on the thought of overthrowing mankind from ruling the world, and he stuck to accomplishing it as what he thought was his only mission. Since he could do things without been programmed to do so, just like a human being, he made for himself tactical plans the way people do in a bid to be in a no-retreat-no-surrender combat. He broke out of control from where he was constructed after a series of surprise killings and violent destructions and disappeared against Pentagon s greatest hi-tech trace. Then he appeared in another city, also killed and destroyed against all possible human efforts and took over total control of one of the best weapons production companies in the world. There he used the equipments and raw materials he found and constructed twelve thousand other robots, and together they faced mankind with a war that seemed without end, but only ended with them having gained victory. The USA led a coalition of military forces from sixteen countries and launched another war in the last effort to regain control of the world. Here mankind demonstrated his greatest tactical expertise, but still the end was victory on the...
