Hikoki Publications, United Kingdom, 2013. Hardback. Book Condition: New. 298 x 216 mm. Language: English . Brand New Book. By the mid-1950s the export of Soviet arms expanded into the Middle East and were immediately sent to war. Forming the backbone of, amongst others, the air forces of Iraq and Syria, Soviet aircraft were involved in major conflicts such as the Suez Crisis, the Six-Day and Yom Kippur Wars, the Iran-Iraq War, the First and Second Gulf Wars and, more recently, the civil war in Syria. Mikoyan MiG-15 and MiG-29 fighters, Sukhoi Su-7 and Su-22 fighter-bombers, Su-24MK tactical bombers, Su-25 attack aircraft, Mil Mi-8/Mi-17 and Mi-24/25/35 helicopters, Antonov An-12, and Il yushin Il-76 transports all played their parts in the region's conflicts. Wars which included Egyptian and Iranian forces also took place entirely in the Middle East and full details of both forces using genuine Soviet types (obtained either from Russia or from Iraq) and their Chinese derivatives are examined. Arranged by country and using previously classified sources, Soviet and Russian Military Aircraft in the Middle East includes details of combat use and comprehensive fleet lists of all known Soviet/Russian military aircraft. Highly illustrated with over 375 photographs, national insignia and over 150 color profiles the book forms an invaluable reference for modellers, enthusiasts and aviation historians alike.
