Reviews

This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.

CHAPTER II The Force Of The Dative And Of The Instrumental It must be remembered that we are in the dark as to how the eight I-E. form-groups, called cases, came to acquire their terminations, hence our comparative ignorance of their basic significations. 1 The Dative. 12. The fundamental meaning of the I-E. Dative, as far as we are justified in seeking for one, i. e. abstracting it from the various functional types we know, 2 is thus still a matter of controversy, and this entirely aside from the general character attributed to it in chronological sequence by Empiricists of the Sanctius school, Categorists of the Hermann type, and Logicians like Michelsen. The statements of these theorists are to-day merely of historic interest. For our purposes the beginning is made by the Localists. According to Hartung, 3 to whom the spatial relations natural to the human mind, viz. those of Wherefrom Where and Whereto stood for the *raison detre* of our oblique cases, the Dative was that which assumed the middle category of absolute rest and answered to the question Where Fourteen years after him Rumpel⁴ denied that the chief cases of the Indo-European languages served local relations and, as against his predecessors mistaken attempt to transfer the laws of thought into the realm of speech, declared them to be purely grammatical. The Dative thus was designed simply to expand the pure sentence-matter, Satzsubstanz, represented by the union of subject and predicate, whenever it..
