This package includes MasteringChemistry(r). Give allied health students the chemistry they need how and when they need it! Designed to prepare students for health-related careers, General, Organic, and Biological Chemistry: Structures of Life breaks chemical concepts and problem solving into clear, manageable pieces, ensuring students follow along and stay motivated throughout their first, and often only, chemistry course. Karen Timberlake s friendly writing style, student focus, vetted and refined clinical chemistry problems, and engaging health-related applications help today s students make connections between chemistry and their intended careers as they develop the problem-solving skills they ll need beyond the classroom. The Fifth Edition fully integrates the text with MasteringChemistry to provide an interactive and engaging experience. New Construct a Concept Map activities help students connect ideas through video solutions and live demonstrations, while the text and media establish a clinical focus that ties chemistry directly to allied health. Instructors can also assign MasteringChemistry s new Dynamic Study Modules, which enable students to remediate core math and chemistry skills outside of class, freeing professors to focus on...
